

# Attention all Scouts and Scouters, Troops, Packs and Crews attending Michigan Crossroads Council Summer Camp!

**Welcome** to your MCC Summer Camp – we hope your time at camp is a productive learning experience filled with friends, fellowship, and most of all, **FUN!**

**The MCC Outdoor Ethics Committee** is proud to announce a new award program introduced to all residential MCC summer camps this year:  
The **Land Ethics Awareness Fellowship** award – or simply the

## - **L.E.A.F.** Award -

This is a unit driven Outdoor Ethics award program, unique to MCC summer camps. The purpose of **the LEAF Award** program is to promote the BSA Outdoor Ethics skills and philosophy within the unit during residential summer camps in fun and rewarding ways.

### **Here's how it works:**

Download the enclosed **Leaf Packet** and print it out ready for camp. Or you may request a packet at registration. This packet has all the information your unit will need to participate, and earn the **LEAF RIBBON** for your units flag

**Its simple:** – follow the instructions found in the packet, complete the requirements, turn in the completed check list, and receive a **LEAF RIBBON** recognizing your unit as a good steward of camp properties. It is a fun and easy way to become aware of the areas environment and properly take care of our beautiful camp. Leaf Patches are available at the Trading Post for purchase – no requirements necessary.

Remember – if every unit takes proper care of their camp, we all – scouts, camps, and nature – will have the best experience.

Enjoy camp, have fun, and be a part of Land Ethics Awareness Fellowship!
