

## Outdoor Code Matching Activity

### Materials

-28 tiles, cards, or boards

- Answer Key

### Procedure

1. Create a different card, tile, or board for each point of TREAD Lightly, Leave No Trace, Land Ethic, Scout Law, and Outdoor code. Write both the Backcountry and Frontcountry points on the card so Cubs do not need a separate set of tiles.
2. Place the Outdoor Code in order on a table or display.
3. Allow the scouts to sort the rest of the tiles matching them to each part of the outdoor code (no more than 5 minutes). Cub Scouts only need to use Front Country Leave No Trace.
4. Check the scouts sorting to the key. Discuss any wrong answers or where tiles fit into two categories.
